

COMMERCIAL BASE
CRL070

FEATURES

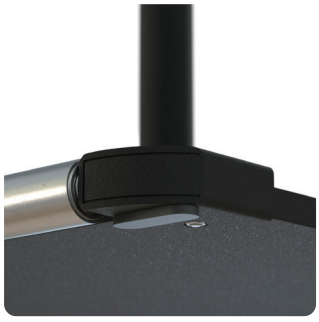

Twist-Lock Mechanism
Effortlessly secures your umbrella in place with a sturdy locking system, ensuring stability and peace of mind even in breezy conditions.

Metal Wheel Bar
Newly upgraded durable and smooth-rolling wheel bar designed for effortless transport.

Built-in Rubber Feet
Protects surfaces from scratches while adding grip and stability, ensuring your base stays securely in place.

Secure Caster Locks
Features a built-in pad beneath the caster, designed to lift and offset the wheel bar, keeping the base stationary and disengaging the wheels when not in motion.
