

COMMERCIAL BASE
CRLY903

FEATURES

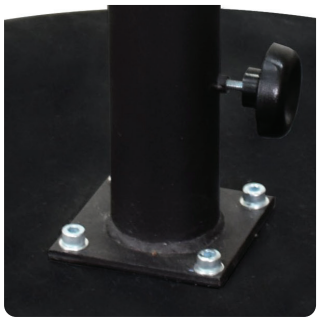

Double Twist-Lock Mechanism
Effortlessly secures your umbrella in place with a sturdy, double locking system, ensuring stability and peace of mind even in breezy conditions.

Pole Grip Collar
Features a detachable inner layer to accommodate thicker umbrella poles, ensuring a tailored fit while providing stable support for reliable functionality.

Built-in Rubber Feet
Protects surfaces from scratches while adding grip and stability, ensuring your base stays securely in place.

Secure Bolts Anchoring
Four heavy-duty bolts firmly attach the tube to the base, providing enhanced stability and ensuring reliable performance under various conditions.
