INSTALLATION

Step 2

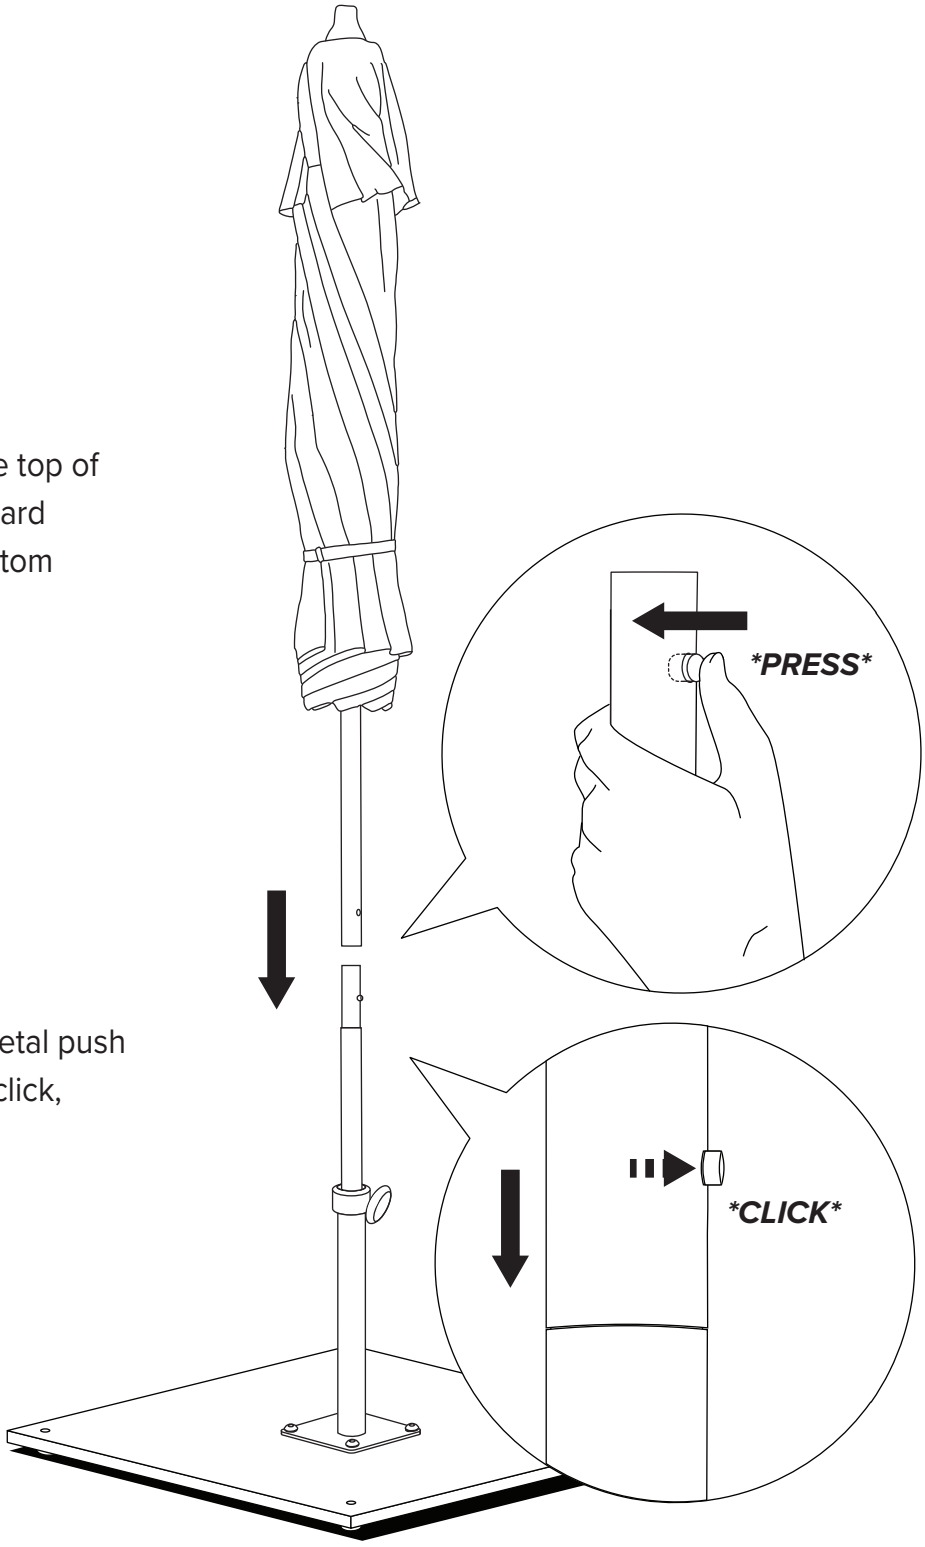
Align the bottom portion of the frame to the opening of the bottom pole.

Step 3

Locate the metal push button near the top of the bottom pole. Press the button inward while inserting the frame onto the bottom pole.

Step 4

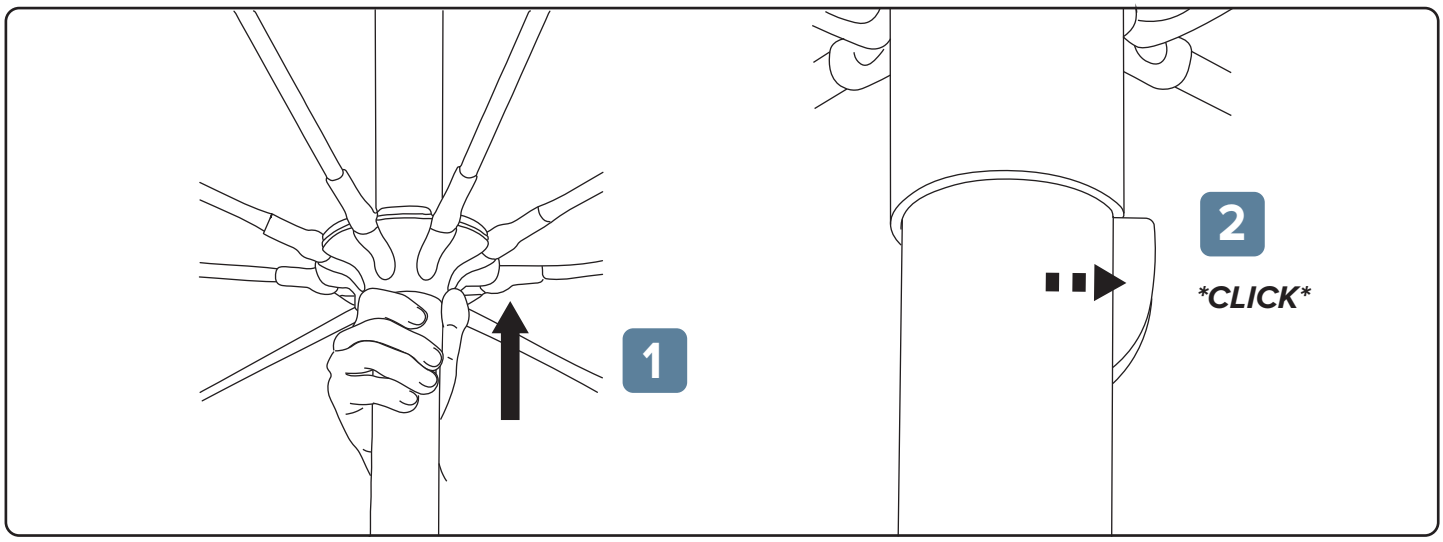
Slowly rotate the frame to align the metal push button with the hole. Once there is a click, both parts are secured.



OPERATION Opening and Closing Umbrella

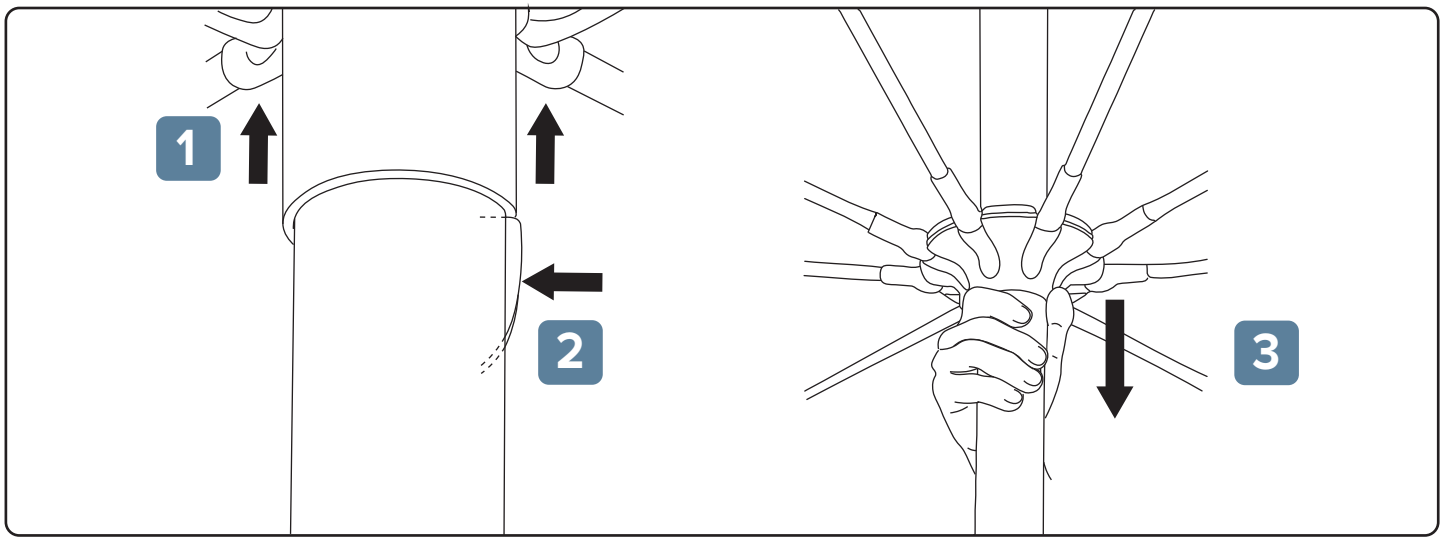
Opening

Stand beneath the umbrella and locate the hub that connects the ribs. Firmly grip the hub and push it upward until it passes the latch stop; a click will indicate that the hub is securely locked in place. Once the click is heard, the hub can be released, and the umbrella will remain open.



Closing

To close the canopy, firmly hold the hub to support its full weight, then press the latch stop to release the lock. While keeping control of the hub, slowly lower it until the canopy is fully collapsed.



CARE & MAINTENANCE

Care Tips

- Use an appropriate base or anchoring system to secure the umbrella. Verify the recommended base weight for the item.
- Base and umbrella are meant to lay on a flat surface.
- Always move the umbrella by uninstalling and lifting/placing in desired area.
- Add a fabric defense to your umbrella canopy for an added layer of protection against oil and water-based stains. Visit our website to purchase a bottle of Pacifica Preserve and Protect Fabric Defense.

General Warnings

- The appropriate base or anchoring system is needed to provide stability for the umbrella. Please verify the recommended base weight for the item.
- May cause damage or injury when used improperly.
- Not meant for commercial use.
- Not meant for use in windy or inclement weather conditions.
- When not in use, cover and store outdoor furniture in a dry and clean area.
