

COAST
SERIES

Refined Coastal Comfort

For those who appreciate the elegance of coastal living, the Coast Series Patio Umbrella is the ultimate blend of form and function. Inspired by the soft curves of the shoreline, its curved canopy and bay-like valance edges create a striking silhouette, adding a refined touch to any outdoor space. Crafted with a lightweight and durable aluminum frame, this umbrella is built to endure the challenges of seaside environments, providing shade that holds up in breezy, salty conditions.

The robust center mast anchors the umbrella, working in harmony with the flexible fiberglass ribs that bend with the breeze, allowing the canopy to move gracefully without sacrificing stability. The push open mechanism with latch stop ensures quick and effortless opening and closing, providing smooth operation every time you need shade.

FEATURES

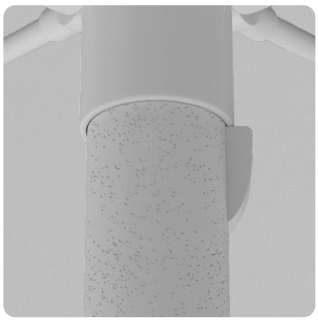

Aluminum Center Post

Crafted from high-quality, rust-resistant aluminum, ensures long-lasting durability and performance.

Simple Push Lift

Our easy-to-use push lift mechanism is simple and secure making opening and closing a breeze.

Secure Latch Stop

Secure latch stop provides stability, durability, and low maintenance for reliable long-lasting performance.

Fiberglass Ribs

The canopy is supported by half-inch thick, high-density reinforced fiberglass ribs, enhancing durability and performance to keep your umbrella stable in various weather conditions.
