SERIES

Timeless Elegance, Iconic Design

The Pagoda Series is more than just a source of shade; it's the design that defined our brand. Inspired by the graceful lines of classic architecture, this series serves as a sophisticated statement piece for any setting. Whether you are looking for a high-impact 12 or 24-panel configuration or choosing between our Patio and Market styles, the Pagoda Series offers a versatile, eye-catching aesthetic that bridges the gap between heritage and modern performance.

While built to commercial-grade standards for high-traffic venues like resorts and restaurants, its refined silhouette makes it equally at home in a private residential backyard. Crafted with premium, lightweight materials, the Pagoda Series is designed to remain resilient in both sunny and breezy conditions.

Whether you're creating a vintage-inspired sanctuary at home or outfitting a busy commercial patio, the Pagoda Series blends iconic style with everyday durability to transform any outdoor space.
